

CAM NEIGHBOURHOOD PLAN

Local Green Spaces Report

Appendix 3

Long List

This Appendix includes all of the potential Local Green Space suggestions discussed by the Steering Group throughout the process.

The spaces taken forward to the Cam Questionnaire 2017 from the list below (highlighted in bold) were the ones that the Steering Group considered to be most special at the outset of NDP work, and those that did not have an existing adequate level of protection.

National Planning Guidance paragraphs 010 and 011 explain that Local Green Space designation may be appropriate on land that is already protected through other means where it can be shown that LGS designation would provide additional local benefit.

Woodfields Play Area and Cam Sports Club (Cam Recreation Ground) both have existing protection as outdoor play spaces under Stroud policy ES13, but were taken forward as they were considered particularly special by the Steering Group.

Initial List Drawn up at Start of NDP Process

- 1 Cam Car Park
- 2 Hopton Green and War Memorial
- 3 Jubilee Field
