Poster

Cam Neighbourhood Development Plan
- Local Green Space - Holywell Orchard

Please tell us how much you value green spaces in Cam

The Neighbourhood Development Plan Steering Group are assessing sites for suitability for a 'Local Green Space' designation in the Neighbourhood Plan and your views are essential.

The above site has been identified as a potential candidate for LGS designation.

To make your views known please go onto the Cam Parish Council Website and complete the questionnaire under the Planning & Highways / Neighbourhood Plan tab. Or pick up a questionnaire from the office.

We need you to do this in order to satisfy the rigorous legal process to formally designate areas you want to protect as what are termed 'Local Green Spaces' (LGS).

Many thanks for your assistance,

██████████
Chair - Cam Neighbourhood Plan Steering Group

The Steering Group is made up of local volunteers and members of Cam Parish Council whose aim is to provide a Neighbourhood Development Plan (NDP) for Cam under powers provided by the Localism Act 2011.

Leaflet (also updated in November 2018 to include Woodfield Play Area and Woodview Road)

Cam Neighbourhood Development Plan
Please tell us how much you value green spaces in Cam

The Neighbourhood Development Plan Steering Group are assessing the sites listed below for suitability for a 'Local Green Space' designation in the Neighbourhood Plan and your views are essential.

- Cam Sports Ground, Everlands
- Holywell Orchard, (adjoining Norman Hill Sports Field)
- Littlecombe Meadow, Littlecombe
- Manor Avenue Edge, Lower Cam
- Mill Way Triangle, Norman Hill
- Riverside, Everlands
- Street Farm Field, (Church Road, Upper Cam)
- Tilsdown Square, Woodfields

We need you to do this in order to satisfy the rigorous legal process to formally designate areas you want to protect as what are termed 'Local Green Spaces' (LGS).

Local green space designation is a way to provide special protection for green areas of particular importance to local communities. For a space to be eligible it has to be particularly significant locally with regard to beauty, wildlife, tranquility, recreation or historic significance.

That significance is about whether a site is:

- Beautiful (as local people see that)
- Historically significant (which can be in terms of very local history);
- Valuable for recreation (walking, use of public rights of way, used for picnics, walking, playing);
- Tranquil (mostly quiet);
- Rich in, or important to, wildlife (not necessarily living on the site, but also using it).

If you want to support any of the sites above, please complete a questionnaire. You can comment on as many of the sites as you like. Questionnaires can be completed online by going to Cam Parish Council Website (click on Neighbourhood Plan) or you can pick up one at Cam Parish Council office, Noel Way, Cam.

The deadline for returning questionnaires is 24th November 2018.

If have you have any queries, please do not hesitate to contact Jenny Walkley, Cam Parish Council Clerk.

Thank you.
