

Cam Parish Council Community Infrastructure Levy (CIL)

We are asking our community to put forward project ideas that will benefit Cam. The projects can either be delivered by Cam Parish Council, or by the applicant themselves.

These are the types of projects we can spend the money on:

Cam Parish Council Community Infrastructure Levy (CIL)

Project Expression of Interest Form

1 What is the basic outline of your project idea?

Outline what you think the project should be – what it should achieve:

2 What made you think of this project?

3 Main contact name: Main contact email: Main contact telephone:

Cam Parish Council Community Infrastructure Levy (CIL)

Project Proposal Form

1 What is the name of your project?

The project name should be simple and to the point.

2 What location will your project take place in?

If your project covers more than one area please tell us where most of it will take place.

3 Tell us the total cost of your project

This is the cost of everything related to your project, even things you're not asking us to fund.

For example: If you're asking us for £100,000 and you're getting £20,000 from another funder to cover additional costs, your total project cost is £120,000. If you're asking us for £60,000 and there are no other costs, your total project cost is £60,000.

We do not need to know where the rest of your funding's coming from right now.

4 How much money do you want from us?

This can be an estimate.

5 What will you spend the money on?

Please give us a list of budget headings (for example, salaries, running costs, training, travel, overheads and refurbishment costs). We do not need any costs attached to these yet, or a detailed list of items. If we invite you to the next stage of the application process, we'll ask you for a more detailed project budget, including a year-by-year breakdown. But right now, we just want to check if these are things we can fund.

6 What would you like to do?

Tell us:

- what you'd like to do
- who will benefit from it
- what difference your project will make
- if it's something new or if you're continuing something that has worked well previously
- we fund both types of projects.

Please write between 50 – 500 words for this section.

7 How does your project involve your community?

Let us know how many people you've spoken to, how they'll be involved in the development and delivery of the project.

Please write between 50 – 500 words for this section.

8 Does your idea fit in with other local activities?

Tell us:

- any gaps in local services your work will fill.
- what other local activities your work will complement.
- what links you already have in the community that will help you deliver the project.
- if this project is being delivered in partnership, tell us the names of your partners and the background of you all working together.

Please write between 50 – 500 words for this section.

9 Will you/your organisation be managing this project?

If yes, how does your organisation's experience and connections mean it is best placed to run this project?

10 Name of individual /Organisation:

This must be as shown on your governing document. Your governing document could be called one of several things, depending on the type of organisation you're applying on behalf of. It might be called a constitution, trust deed, memorandum and articles of association, or something else entirely. You might find it on a registration website - for example, Companies House or a Charities Register.
